To: Asbestos Regulated Community

From: Robin S. Mack, Asbestos Section

Re: New notification rules for NESHAP-size Non-friable Asbestos Removals

As of June 27, 2008, the revised SCDHEC Regulation 61-86.1, Standards of Performance for Asbestos Projects, requires a minimum four working day notification period for all non-friable removals that involve amounts greater than or equal to 160 square feet and/or 260 linear feet.

Please keep this in mind when planning future removals.

If you have any questions, please contact the Asbestos Section at 803-898-4289.
